- **Tasks (15 points):**
 - [Task 1] - [5 points]
 - [Task 2] - [5 points]
 - [Task 3] - [5 points]

Developer 1 (25 points):

- **Responsibilities (10 points):**
 - Properly defined responsibilities in implementing core functionalities.

- Ensuring code quality and adherence to coding standards.

- **Tasks (15 points):**

- [Task 4] - [5 points]
- [Task 5] - [5 points]
- [Task 6] - [5 points]

Developer 2 (25 points):

- **Responsibilities (10 points):**

- Clear definition of responsibilities in implementing specific modules or components.
- Assistance with testing and debugging.

- **Tasks (15 points):**

- [Task 7] - [5 points]
- [Task 8] - [5 points]
- [Task 9] - [5 points]

Milestones and Timeline (15 points):

- **Sprint Planning (5 points):**

- Clearly defined sprints with corresponding tasks.

- **Timeline Adherence (5 points):**

- Adherence to the planned timeline for each sprint.

- **Finalization (5 points):**

- Successful integration of modules.
- Completion of final testing and bug fixing.
- Proper documentation and project submission.

Communication Plan (10 points):

- **Weekly Team Meetings (5 points):**

- Regularly scheduled meetings for progress updates, challenges, and plans.

- **Communication Channels (5 points):**

- Effective use of communication tools (Slack/Teams/Other, Email, GitHub).

Additional Considerations (5 points):

- **Collaboration (2 points):**

- Evidence of effective collaboration among team members.

- **Creativity and Innovation (3 points):**

- Incorporation of creative and innovative solutions in the project.

Submission Guidelines:

- Submit a document (PDF or Word) containing the Team Organization and Task Assignment Sheet.
- Include detailed explanations for each section, providing insights into the team's decision-making process.
- Any additional notes or considerations relevant to the project.
- Ensure proper formatting, organization, and clarity in the document.

Note: Adjust the point distribution based on the specific emphasis and requirements of your course or project.
